

Bike Plan 2026 Community Survey

Whether you live locally, commute through, or visit to enjoy our trails and recreation areas, your feedback will help shape safer, more connected routes for everyone.

We're creating a new Bike Plan to guide how cycling and micromobility (including e-bikes and e-scooters) can grow safely across the City of Kalamunda.

Whether you ride often or not at all, your feedback will help us improve safety, connections and facilities across the City.

For more information or to complete the survey online:
