Local Planning Policy 32 – Public Open Space

The City recognises that there are significant social, health, environmental and economic benefits in providing appropriately located, functional and attractive Public Open Space (POS) to the community.

These spaces are pivotal in influencing our suburbs to become active and engaged communities. POS provides for positive lifestyle and recreation opportunities and also a venue for events, programs and active sporting pursuits.

The City has developed the Public Open Space Policy (the Policy) to ensure the future protection, provision and management of valuable POS sites to meet the ongoing needs of the community.

There are significant future urban areas identified in State Government planning frameworks which will result in the delivery of significant areas of POS. This Policy will be a critical guiding document to shape an appropriate land area, function and design standards of POS.

Comments close 5pm, Wednesday 5 May 2021.

Have Your Say:

1. Are you supportive of the Policy?

☐ Yes ☐ No ☐ Not sure

2. Why? _____
