

Big Picture Vision for Community Facilities

Our community facilities are aging, and the way we use them is changing. A new approach is required to meet the needs of current and future generations across the entire City of Kalamunda, which is why the City of has drafted a Big Picture Vision for Community Facilities.

This vision is driven by two aspirations:

- » To provide modern 21st Century facilities that are effective, efficient and serve the needs of current and future generations.
- » To reduce, over time, the cost burden to ratepayers from the City operating, maintaining and renewing poorly utilised aging facilities, and to remove duplication of services.

The community have been asking for new facilities for the past decade, evidenced through the many strategic community engagement processes the City has undertaken.

Feedback closes 5pm, 1 November 2023

It's now over to you to let us know what you think of the City's Big Picture Vision.

The City is seeking feedback on the draft Plan. The feedback will be considered prior to making modifications and consideration of the Plan for final adoption.

Alternative to the survey, written submissions can be provided via:

- » City of Kalamunda Administration Centre, 2 Railway Road, Kalamunda;
